Name _____ Date _____
Email _____ Phone _____
Institution _____ Department _____
Mailing Address _____ City _____ State ____ Zip _____
Amount of Grant _____ Reporting Period _____ to _____
(date) (date)
Title of Project _____

DIRECTIONS:

1. Complete the information requested on this cover sheet. Please see our website for our basic formatting guidelines (<http://www.highlandsbiological.org/grans-in-aid-of-research/>. Download the PDF in the Links section).
2. On additional pages, provide the following information:
 - a. Non-technical Abstract: a brief (200 word) general abstract that will be comprehensible to a lay person. Portions of this abstract may be used in our newsletter and other publications.
 - b. Specific objectives of the work
 - c. Methods followed, including experimental design, where applicable
 - d. Utilization of time during reporting period
 - e. Localities used for work: Be as specific as possible, giving elevations and extent of study areas, with a general description of each area. Plot the areas on a map, if possible.
 - f. Brief description of significant results to date
 - g. Extent of collections (if applicable). Include species list for each locality.
 - h. Depository of collections (if applicable)
 - i. Plans for completing research at home institution
