**About Our Trails**

The Highlands Plateau Greenway is made up of a network of community trails, sidewalks and gravel roads that allow users to see the Plateau’s natural beauty up close. While the community has over 5 miles of greenway, this passport provides a kid-friendly itinerary of routes that are only on pedestrian designated trails.

**The Challenge**

On every trail labeled in purple on this map, there is a riddle station that must be found. The stations will be a mailbox painted purple and will be located on the trail. Within each mailbox there will be a riddle that must be solved and written in the corresponding location on the map side of this passport.

When all four riddles have been collected, participants may pick up a special prize located at the following:
