

**IACUC Request for Protocol Modification**

Any modifications to a previously approved animal use protocol involving Highlands Biological Station must be reviewed and approved by the WCU IACUC prior to implementation. Please complete this form and submit it for review in advance of when you intend to make the requested changes. Note that, depending on the extent of the proposed changes, this may require review by the full IACUC at a future meeting. Please contact the IACUC (iacuc@wcu.edu) with any questions regarding this form and/or process. In communications, please reference the protocol number (this can be found on your original approval letter).
